

Case #5

Andrea Bischoff

June 21st, 2018.

Children's Hospital Colorado

INTERNATIONAL CENTER FOR
**COLORECTAL AND
UROGENITAL CARE**

- 2 yo female patient referred to the colorectal clinic due to “skin tag” near the anus.

What would you like to do?

1. Physical exam/anal exam
2. Abdominal X-ray
3. Both options
4. One option
5. I don't know

PHYSICAL CARE

INTERNATIONAL CENTER FOR
**COLORECTAL AND
UROGENITAL CARE**

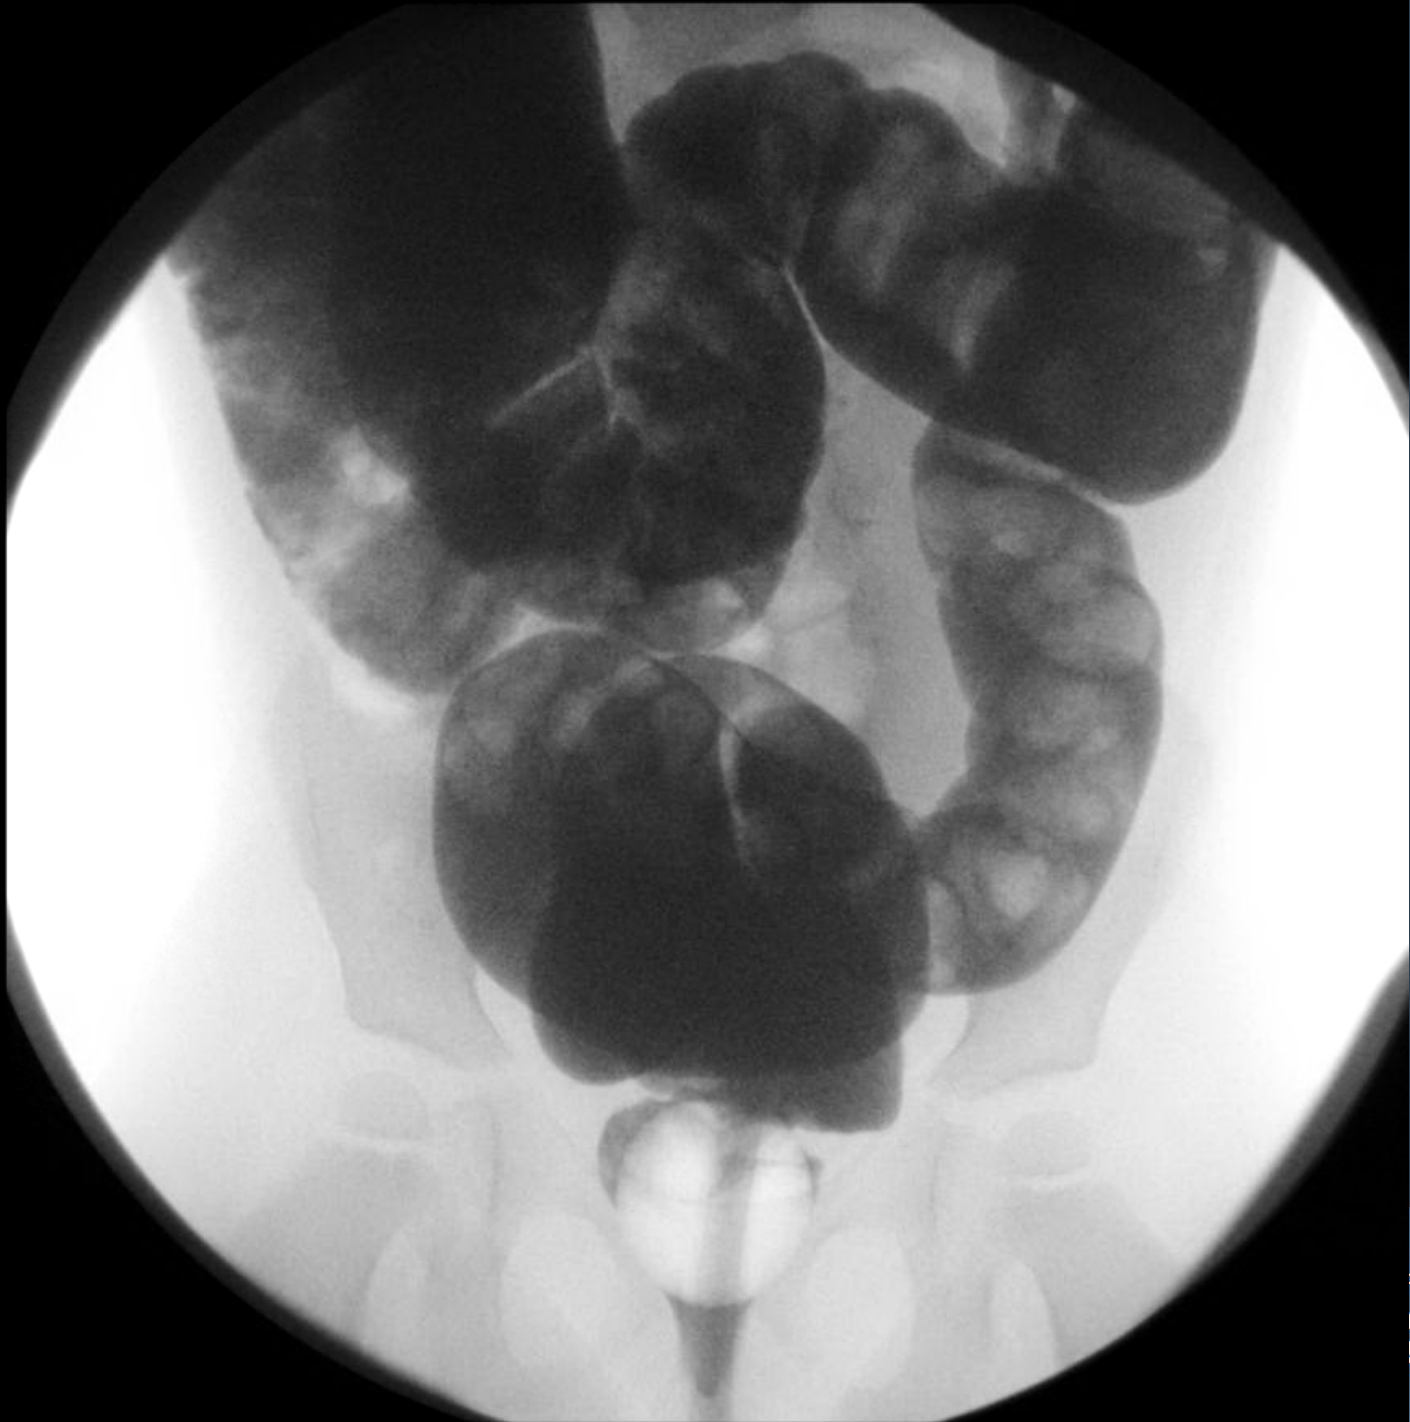

Mother states that when she has a bowel movement and that “tissue” does not come out, it is not painful, when it does come out it is extremely painful.

What would you like to do first?

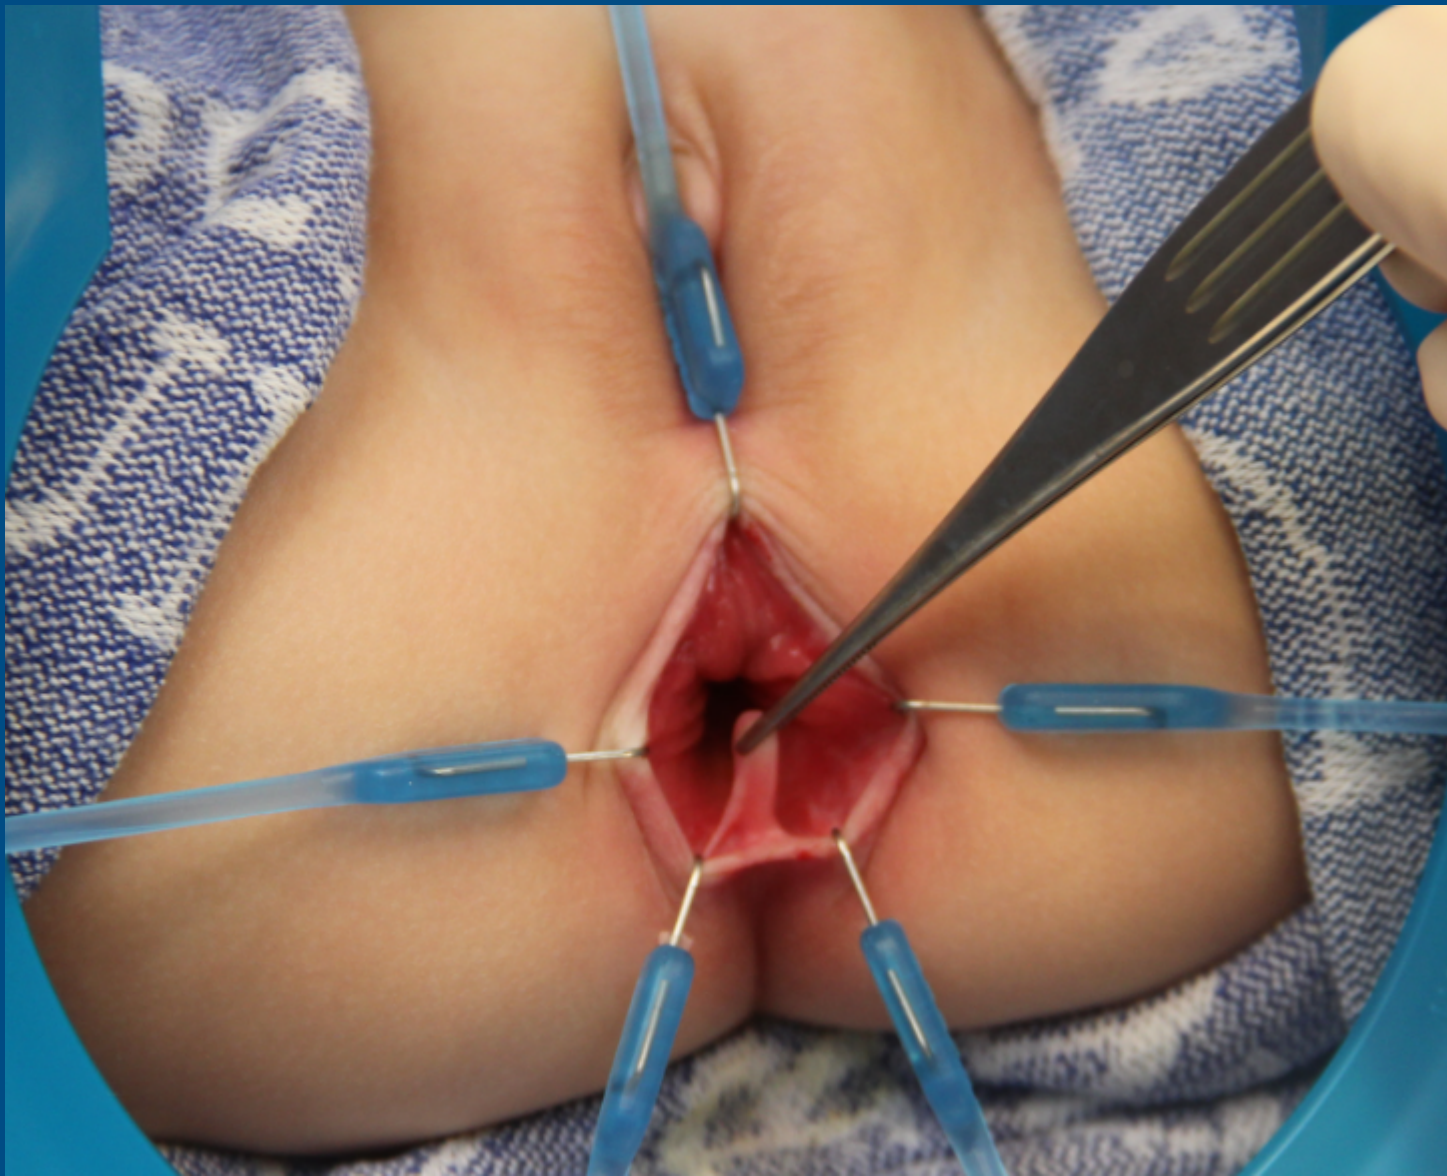

1. Contrast enema and bowel management with laxatives
2. Contrast enema and polyp removal
3. Polyp removal only
4. Colonoscopy
5. I don't know
